AN ARMENIAN PLEA

Gresham Partly Explains the Government's Policy.

CALL OF CHRISTIAN CLERGYMEN.

Three Requests Made by the Delegation. An Inquiry to Be Made, Our Consuls Increased and Personal Rights More Liberally Extended—Gladstone's Interest in Armenia Remembered.

WASHINGTON, Dec. 21.—Secretary Gresham yesterday afternoon saw by appointment a delegation of Christian clergymen, representing the congregational churches of New York, in relation to the state of affairs in Armenia. Rev. Jeremiah Strong of Boston, general secretary of the Evangelical Alliance of the United States, was also one of the party.

Their purpose was to secure a thorough inquiry by the United States into the state of the Christians in Armenia and in other Turkish provinces and to have the United States bring pressure to bear upon the treaty powers who guaranteed the welfare of these people in the treaty of Berlin to have these powers carry out their obligations.

The delegation was burdened with innumerable resolutions adopted by massmeetings and gatherings of the various Christian sects, all calling for more or less energetic measures on the part of this government in the matter. Most of these had been published at the time of their adoption in the daily press, but they were brought anew to Secretary Gresham's attention. The visit was a long one.

The requests made by the alliance were in three parts: First, that the president would accept the sultan's invitation and send a representative with the commission; second, that the consular service in Turkey should be extended so as to afford more adequate protection to Americans; and, third, that the United States should use its good offices as far as its foreign policy would permit in securing liberality of conscience and personal rights in Turkey.

Secretary Gresham listened patiently to the deputation. He said in reply that Mr. Jewett, the United States consul at Sivas, had been instructed to accompany the Turkish investigation commission to the district in which the alleged atrocities were committed for the purpose of making a full and impartial investigation for the information of this government. He also said that Mr. Jewett would not be a member of the Turkish commission, but would act entirely independent of that body.

The latest information from Constantinople is to the effect that the Turkish government does not desire to have Mr. Jewett accompany the commission under the restrictions imposed by his instructions. His orders have not been revoked, however.

In regard to the last two points, the secretary was guarded in his reply. He gave the minister to understand, however, that he should recommend congress to increase the number of consuls, and would do what he consistently could to ameliorate the condition of the Armenians.

GLADSTONE'S INTEREST IN ARMENIA

It Will Be Remembered by Armenian Residents in Paris.

LONDON, Dec. 21.—The Armenian residents of Paris and this city will present a chalice to Mr. Gladstone on the occasion of the coming 86th anniversary of his birth, Dec. 29. In September, 1876, Mr. Gladstone published his famous pamphlet on "Bulgarian Horrors and the Question of the East," and in March, 1877, there appeared another pamphlet written by him entitled "Lessons in Massacre."

He took an active part from the agitation then carried on respecting the massacres in Bulgaria. His action excited warm gratitude from the Armenians and it has now been decided in view of the memories that have been stirred up by the recent Turkish atrocities, to present him a handsome gift as a slight token of the gratitude felt for his interest in the Armenians.

BLUFF THAT DID NOT WORK.

A Make-Believe Bomb Thrower in a Toledo Bank.

TOLEDO, Dec. 21.—At noon a shabbily attired young man entered the Second National bank and walked directly into the private office of George W. Davis. Inquiring if Mr. Davis was president of the bank, and receiving an affirmative reply, the stranger said:

"Well, I'm a poor man and want some money."

"You can't have it sir," Mr. Davis replied.

The stranger pulled from his pocket a round package and holding it above his head, shouted: "This is a bomb. If you do not give me money I'll smash it on the floor and kill both of us."

Mr. Davis jumped to his feet and ordered the man out of the office. The noise brought the clerks to the rescue and the man was secured and taken to the stationhouse, where he is held on suspicion. He gave the name of Sam Brown, born in Russia, but residing in New York city. The bomb was a large orange wrapped in paper. It was a bluff and did not work.

An Old Crook Charged With Murder.

RAVENNA, O., Dec. 21.—George W. Phelps, a farmer of Freedom township, dropped dead yesterday from apoplexy. This was his 50th birthday and 23d wedding anniversary. He was returning from a joint celebration of the marriage anniversary of himself and also three of his neighbors.

OVERDUE VESSELS.

One of the Eight Finally Reaches Port at San Francisco.

SAN FRANCISCO, Dec. 21.—The coal-laden bark Germania, one of the eight sailing vessels which was overdue between San Francisco and northern ports, came into port yesterday afternoon. Captain Pearson had seen nothing of the missing colliers, Montserrat and Keweenaw, nor had he sighted any of the seven sailing vessels which are considerably overdue between San Francisco and Oregon, Washington and British Columbia ports.

Captain Pearson, in his report, states that on Dec. 9, in 45 degrees 20 minutes north, 126 degrees west, the Germania ran into a hurricane from the south. For hours the bark was swept by a terrific wind and a terrible sea, but she sustained no more serious damage than the loss of several sails.

The revenue cutter Richard Rush, which left Neah bay, near Cape Flattery, on Sunday last to search for the missing vessels, came into port yesterday evening. Captain Cooper reports that he went seaward 20 miles out of his course, and though he kept a man continually at the masthead during the entire voyage from Neah bay, the Rush saw no signs of any vessels or wreckage. Were the Montserrat and Keweenaw afloat at sea the Rush would undoubtedly have sighted them.

PITTSBURG MINERS.

The Fate of the District Will Be Decided Within a Week.

PITTSBURG, Dec. 21.—The miners of this district, who have been in convention for the past three days, adjourned yesterday without taking the responsibility of advising a strike against the 55 cent scale.

Just before adjournment resolutions were passed demanding 62 cents for mining; that all dead work shall be paid without any reduction on the present dead work scale; that the screens be made uniform; that miners shall be paid in full cash every two weeks; that the company stores be abolished, and that the check-weightman get a number, and be paid like the other miners.

The above resolutions are to be presented to their respective locals by the delegates, that a vote may be taken. These votes are to be turned in not later than the 27th inst. and the result will decide the future of the district. In the meantime individual miners can work or not, as they choose, at the 55 cent rate.

CONFlict OF AUTHORITY.

The Muddle at St. Louis Will Be Investigated by the Grand Jury.

ST. LOUIS, Dec. 21.—Wednesday's courtroom excitement over the arrest of a negro discharged by Judge Murphy, has degenerated into a struggle between the judge and chief of police over the carrying of weapons by policemen. Under the chief's instructions all officers are compelled to bear arms while on duty. In consequence of this seven officers were yesterday fined \$25 each and given 10 days in jail for appearing armed to give testimony. For fear of getting his entire force in jail the chief has now ordered his men to ignore summons to Judge Murphy's court.

The officers arrested yesterday were released on writs of habeas corpus in bonds of \$200 each. They will have a hearing next Saturday before Judge Edmunds of the criminal court.

Circuit Attorney Zachritz states that the affair will be made the subject of a thorough investigation by the grand jury.

Train Wrecked by a Cow.

LITTLE ROCK, Dec. 21.—The north-bound Cannon Ball which left here on the St. Louis, Iron Mountain and Southern railroad at 6 o'clock last night, was wrecked about midnight at Walnut Ridge. Running at full speed, the train struck a cow, derailing and piling in a heap the engine, mailcar, baggagecar and one coach. Engineer Stansbury and Fireman Trendley were caught in the wreck and severely, though fatally hurt. The passengers were shaken up, but none of them injured.

Cutting Affray in a Lumber Yard.

KILDARE, O. T., Dec. 21.—A cutting affray, involving two prominent local business men and which may prove a murder, was enacted in a lumber yard here yesterday. W. H. Stout, who had a grievance with O. S. Strickland, met the latter, and hot words led to a quarrel. Stout drew a knife and stabbed Strickland in the right breast, making a wound that may prove fatal. Strickland was taken to the hospital and Stout to jail.

Ex-Senator Ingalls' Ambition.

TOPEKA, Dec. 21.—Ex-Senator John J. Ingalls, before leaving for the east, it is just learned, declared he had no expectancy of being voted for senator in the legislature this winter, and had not for a moment considered himself as a possibility. He said his senatorial ambitions were not for 1895, but, if he had any, for 1897.

Stevenson Not Living.

LONDON, Dec. 21.—There is not the slightest reason to suppose that Robert Louis Stevenson is alive. The letter which Dr. Balfour, uncle of the novelist, has written to The Scotsman saying that he believes Mr. Stevenson is not dead, but that his wife is dead, is purely Dr. Balfour's personal opinion.

An Old Crook Charged With Murder.

BELLISSFIELD, Mich., Dec. 21.—Joseph Smith, colored, was arrested here Wednesday night charged with the murder of an old couple at Monclova, O., and an \$800 robbery. Toledo officers arrived yesterday and identified him as an old crook. He was taken to Toledo in the afternoon.

RAVENNA, O., Dec. 21.—George W. Phelps, a farmer of Freedom township, dropped dead yesterday from apoplexy. This was his 50th birthday and 23d wedding anniversary. He was returning from a joint celebration of the marriage anniversary of himself and also three of his neighbors.

DEAD FOR TEN DAYS

Horrible Crime Perpetrated at Topeka, Kansas.

A CASE OF COLD BLOODED MURDER.

The Body of Mrs. A. D. Matson, a School Teacher, Found Dead in Her Room Horribly Mangled—Criminally Assaulted, Murdered and Then the House Robbed. No Clew to the Perpetrators.

TOPEKA, Dec. 21.—The body of Mrs. A. D. Matson, stiff and cold, and lying in a pool of her own blood, was discovered in her home at Fifteenth and Monroe streets, at 3:30 yesterday afternoon. To all appearances the woman had been dead about 10 days. It is undoubtedly a case of cold-blooded murder, with robbery as the incentive. Mrs. Matson lived alone, and it was generally supposed she had considerable money about the house. A criminal assault had preceded the horrible murder.

The only person who seems to know anything about it is a deaf and dumb-colored man named George Knight, who saw two men, probably on the evening of the 11th, enter the window of the murdered woman's house, and afterwards saw them run away. No intelligible account can be arrived at from Knight, except through his brother, who is the only person who can understand him. The two will be brought together at the coroner's inquest.

The first inkling of the murder was made known yesterday afternoon by a milkboy, who had noticed that the can of milk he left on Mrs. Matson's step 10 days ago had been untouched. He immediately made known his fears to the police and an investigation followed. Officers dispatched to the scene were unable to gain admittance, and breaking in the rear door soon learned the cause thereof. In a little back room, lying on her back, and in a pool of blood, long since dried, lay the murdered woman. Two sacks of potatoes had been rudely thrown over her head, while a bundle of rags and old clothes half covered her body. An investigation showed that most brutal treatment had been dealt the woman before her life had been taken. Her clothes were badly torn, indicating that she had been ravished. The entire top of her head was crushed in, evidently accomplished by some heavy, blunt instrument.

When news of the horrible find became known the most intense excitement prevailed, and detectives immediately put upon the case. The neighbors in the vicinity are all colored, and they say that they have not seen Mrs. Matson for two weeks. Mrs. Robinson, who lives across the street, says that she last saw Mrs. Matson about two weeks ago and she was then coming from the direction of her houses, and she had evidently been collecting rent. She saw no one around the house at any time and never heard any noise or disturbance of any kind.

Mrs. Matson was a member of the Topeka Equal Suffrage association and a prominent suffrage worker. For many years she was a member of the city board of education from the Fifth ward and took an active interest in the city schools. She was at one time a city teacher and was very well known locally. She was generally supposed to have considerable money and owned five or six houses on the East Side. Her husband left her four or five years ago and took up a homestead in California, where he has since lived.

ON A RAIDING TOUR.

Two of the Cook Gang Rob a Store at Manchester, Kansas.

WICHITA, Kan., Dec. 21.—Jack Harris, alias Tulsa Jack, and Bitter Creek, two of the boldest members of the Cook gang, who were seen riding through Arkansas City Wednesday, came this way yesterday. As anticipated, they are on a raiding tour. They rode into Anthony, Harper county, this morning, and one of them entered the bank evidently with the intention of robbing it. There were too many people present and the bandits, after surveying the ground, mounted their horses and rode rapidly away.

On reaching Manchester they went into Bland's general store, and at the point of revolvers, made the proprietor hand over what cash he had, which proved to be \$80. Without being molested the bandits left, going in a westerly direction, toward the Santa Fe railroad.

SNAILS AS FOOD.

This Country Imports and Consumes a Quarter Million Pounds.

WASHINGTON, Dec. 21.—Probably it will be a matter of surprise to many people to learn that large quantities of snails are annually shipped to the United States from Europe to be eaten by epicures, yet this fact is set out in consular reports received at the state department from France and Switzerland.

From France alone the shipments of these snails in one year amount to £220,400. Those shipped to the United States are of the finest quality and sell for \$4.82 per thousand snails. Large tracts of ground in France are devoted solely to the propagation of these food snails.

Now Look For Cold Weather.

OMAHA, Dec. 21.—Terrific snow and rainstorm prevails in northwestern Nebraska and Black Hills. All telegraphic facilities with the hills are cut off in this direction, and no wires are working in Nebraska west of Chadron.

A WILD BEAST AT LARGE.

School Children Narrowly Escape an Attack.

UNIONDALE, Ind., Dec. 21.—The children of George Ditzler, a farmer south of this place, and their schoolmates, while returning from school, had a narrow escape from attack by an animal, which, judging by the description given by the oldest child, is a mate for the one killed by the Green brothers while coon hunting, some weeks ago, and which is supposed to be a cross between a leopard and a tiger. The body of the dead animal was sold to the high school at Bluffton.

The remaining animal has been seen several times, but in spite of a general hunt by the people of this community, who surrounded the thickets and woods, it has escaped capture. The Ditzler children were terribly frightened, but they managed to reach home unharmed. Last night several men beat up the country where the animal was seen by the children, and while the trail was very plain in a cornfield they were unable to trace it to its lair. Another general hunt is now being arranged. There is great uneasiness in the neighborhood.

PEACE NEGOTIATIONS.

Why They Failed to End the Japanese-China War.

LONDON, Dec. 21.—A dispatch to The Times from Tien-Tsin gives the text of the credentials from Li Hung Chang to Count Ito, president of the Japanese council of ministers, which were carried by Mr. Detring on the occasion of his recent mission to negotiate a peace with Japan.

These credentials show that the Emperor of China knew of Mr. Detring's mission and had confided to him to bring about the re-establishment of peace. Detring was recalled from Japan by a telegram from Prince Kung, who is now virtually the ruler of China, who was prompted to this action by the Hon. Mr. Denby, the American minister, who intimated that the United States were mediating. The official statement that the Japanese government had declined to receive Detring was not published until the latter had left Japan on his return to China.

Pronounced His Own Death Sentence.

TOLEDO, Dec. 21.—Charles Hart, who murdered Elsie and Abbie Good, the children of Samuel Good, near Paulding on Sunday, Nov. 4, was taken from the Williams county jail to Defiance, O., and arraigned before Judge Snook at a special session of the criminal court. The prisoner, who regarded the proceedings with the utmost indifference, pleaded guilty to each of the two indictments against him. After hearing the plea of Hart's attorney for mercy, Judge Snook sentenced the prisoner to be hanged on the second Friday in April, 1895. Hart will probably be soon removed to the penitentiary, there to await execution.

Death of Douglass Putnam.

MARIETTA, O., Dec. 21.—Douglass Putnam died yesterday, aged 88. He leaves a widow and four children. He is a great grandson of General Israel Putnam, famous in revolutionary history, a grandson of General Israel Putnam, who helped settle the Ohio valley. He has been secretary of the Marietta college since its foundation in 1865, and has signed every diploma ever granted by it. He leaves an estate valued at nearly \$500,000.

Miraculous Escape From Death.

TRIMBLE, O., Dec. 21.—Cyrus Oldroyd, a miner, working in the airshaft which is being sunk near Trimble to furnish air for mine No. 4, and to be used also as a means of ingress and egress to the mine, received severe injuries by being hit by a piece of stone which fell from the bucket as it was nearing the landing. The stone fell a distance of 100 feet, and Oldroyd's escape from instant death is considered miraculous.

Life-Like in Death.

WATERLOO, Ind., Dec. 21.—The remains of Mrs. William McDonald, whose death occurred last Sunday, are still held for burial. The body looks more natural than ever. It is entirely free from decay, and, as no embalming fluids were used, the family are hopeful that life still remains. The funeral exercises were held Wednesday afternoon, after which it was decided not to proceed with the burial. Mrs. McDonald died of consumption.

Aquitted of Arson.

WOOSTER, O., Dec. 21.—After an all-night session the jury in the case of Rose Reimer and Catherine Reimer, mother and daughter, of Dalton, O., charged with arson in firing their home and causing the recent disastrous conflagration at Dalton, returned a verdict of not guilty. The verdict was applauded and a contribution for Miss Reimer was taken in the courtroom.

Murdered His Partner For \$6,750.

ST. MARY, Ind., Dec. 21.—Benjamin Reed is on trial at Terre Haute for the murder of Daniel Hendrickson, whom he killed and robbed of \$6.75 while they were tramping back to that city from a farm in Illinois, where they had been employed. Reed acknowledged the murder after his arrest, and his attorney is trying to prevent the death penalty being exacted.

Hunter Fatally Injured.

MONTGOMERY, Ind., Dec. 21.—While persons were hunting quail in the vicinity of this village Richard McDonald, known as "Big Dick," set his gun against a tree while he rested. His dog ran against his gun, knocking it down. In the fall it was discharged, the load taking effect in the rear part of Mr. McDonald's

Fair, warmer weather.

THE cattle men of the West are raising a great howl because Germany has closed her markets to American cattle. What would become of 'em if England should follow suit? And yet this country has discriminated against England a thousand times more than Germany. Instead of encouraging closer trade relations with Europe the policy of Republicans is just the reverse.

Try the best coal in the market. The People's Coal Company sells the genuine Syracuse shaft coal. It makes no clinkers and holds fire all night. Try it and be convinced and you will use no other. Delivered at 8 cents in lots not less than fifty bushels. Office near the C. and O. depot.

Sued for Libel.

Rev. George H. Means, a well known South Methodist preacher now stationed at Covington, has sued the Kentucky Demokrat and its publisher J. V. Schiffer for \$25,000 damages for libel.

Recently the Demokrat published a letter from Mrs. Kolin, wife of an ex-priest of that name, in which she charged Mr. Means and her husband with conspiring to have her placed in an insane asylum. She was taken to Lakeland Asylum but remained only a day or so. The affair has caused a great deal of talk.

A young lady living at Mt. Carmel is mentioned by Mrs. Kolin in no complimentary terms.

THE MASONIC CENTENNIAL.

Steps Taken by the Kentucky Grand Lodge to Celebrate the Anniversary.

The following circular, which has been sent to all Masonic Lodges in Kentucky, explains itself:

RICHMOND, KY., Dec. 10, 1894.—Under resolutions of the Grand Lodge of Kentucky, passed by a unanimous vote, the undersigned were appointed to devise plans for the celebration of the one hundredth anniversary of the formation of our Grand Lodge.

As was fully explained at the time, the object in thus early beginning the preparation for our centennial was to give ample time in which the craft could, by voluntary subscriptions, raise a fund by small pledges from each, arranged on easy payments, secure a fund to build and endow a home for aged, infirm and destitute Masons, and equip an infirmary in which the sick and their wives, widows and children might receive treatment.

There are 18,000 affiliated Masons in this grand jurisdiction. They ought to be among them 1,000 who would give \$10 per year for five years; 2,000 who would give \$5 per year for five years; 5,000, \$2 50 per year for five years, 10,000 \$1 per year for five years, to say nothing of the 60,000 Masonic children who can give ten cents a year for five years, and the 20,000 wives, widows and sweethearts who can give fifty cents a year for five years.

Thus, brethren, by prompt action, united effort and that generosity for which the craft is justly celebrated, we can have for dedication and occupancy by our centennial year, a home for our destitute brethren, built and endowed without the assessment of a single dollar, all by voluntary offerings, a home in which each Mason will take a just pride and interest, and one in which, by the vicissitude of fortune, any one of us who are now able and willing to contribute, may find repose and support in our old age, among kind friends and brothers.

With this we send you subscription blanks which fully explain themselves. Let every Mason who is in attendance at your anniversary meeting, December 27, promptly sign a pledge, and have a committee appointed to wait on those not present as soon as practicable. Don't fail to give all non-affiliates an opportunity to contribute to this great Masonic charity. Be sure to call on every one of them.

As fast as pledges are signed send them, stub and all, the entire sheet without mutilation, to the Chairman of the committee, J. Speed Smith, Richmond, Ky., who will furnish the Masonic Home Journal a list of the subscribers for publication as fast as received.

CARLISLE Mercury: "The Maysville Ledger moans because Maysville is not the great mercantile mart it was fifty years ago, and blames the turnpike toll gates for much of the damage. We congratulate the Ledger on its progress toward unrestricted trade."

Church Row at Shelbyville.

The Elders of the Christian Church at Shelbyville concluded the organist was too worldly-minded to furnish music on the Lord's Day, and wrote her a note virtually requesting her to resign. She resigned and withdrew, but her friends took the matter up, and the pastor, Rev. Walter White, also became involved in the trouble. The matter was referred to Professor J. W. McGarvey, Rev. E. L. Powell and Rev. I. W. Spencer for arbitration.

The decision of the arbitrators, unanimously rendered, is that, first, the Elders should write Mrs. Buckner, the organist, a letter confessing to neglect of duty in not talking with her before writing the letter, setting forth the fact that they entertained no personal malice in writing the letter; second, Mrs. Buckner should write a letter and retract that part of her resignation concerning her rights and privileges in the church; third that, while the arbitrators admired and commended the efforts of Pastor White to surpass worldly amusements, they thought it advisable for him, inasmuch as he had voluntarily offered his resignation, and owing to the probability of his not being able to benefit spiritually the "opposition," to retire at the expiration of three months, or sooner if it suited his pleasure. The arbitrators also recommended that the successor of Pastor White be chosen by the Elders, but that the election be settled by a majority ballot of the congregation.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

HOUSE AND SENATE.

Nothing Accomplished in Either Branch of Congress.

WASHINGTON, Dec. 21.—The debate on the currency bill was comparatively brief in the house yesterday owing to the exercises in connection with the acceptance of the statues of Webster and Stark. Messrs. Sperry of Connecticut, a Democratic member of the banking and currency committee, and Broissius of Pennsylvania, a Republican member, championed and opposed the measure, respectively. The former was opposed to various features of the bill, but declared his intention of voting for it if nothing better could be secured. The speaker laid the Behring sea correspondence before the house, and then at 5:30 the house adjourned.

In the senate the only legislative business of any importance transacted was the passage of a bill making deficiency appropriations for the census bureau and the departments of justice for the current fiscal year. The senate adjourned until Saturday.

EX-SENATOR ALCORN DEAD.

He Was Once Governor of the State of Tennessee.

MEMPHIS, Dec. 21.—Ex-Governor and United States Senator James L. Alcorn died yesterday on his estate at Eagle's Nest, Miss. Governor Alcorn was 78 years old. His death was the result of a stroke of paralysis.

James Lusk Alcorn was born Nov. 4, 1816, near Golconda, Ills., settled in Kentucky and was educated at Cumberland college. In 1844 he removed to Mississippi and began the practice of law. He served 16 years in the legislature of that state. He was nominated for governor in 1857, but declined. He served in the Confederate army as a brigadier general. In 1865 he was elected to the senate of the United States, but was not allowed to take his seat. In 1869 he was elected governor of Mississippi. In 1871 he was elected a United States senator and served six years. Since then he has lived in retirement.

HUNGARY SHAKEN.

Violent Earthquake Shocks Felt and Great Destruction Done.

BUDA-PESTH, Dec. 21.—The town of Oravieza, about 50 miles southeast of Temesvar, was visited by a violent shock of earthquake at an early hour Wednesday evening, which wrecked a large number of houses. Roofs fell, walls tumbled down and in many cases the buildings and whole streets were reduced to debris.

The inhabitants fled to the open country. At midnight another shock was felt, but it was less violent than the first one. A number of persons were injured, but as yet no fatalities are reported.

Two Children Shot.

TROY, Ala., Dec. 21.—As young Sim Bowen was passing Pea River church school yesterday on his way to hunt turkeys, the two little daughters of Zeke Bryant, who were looking out of the school window, waved cheerfully to the young man. In play Bowen raised his gun and pointed it at the two little girls. The fowling piece was accidentally discharged, and both little girls received fatal wounds from the load of shot. One was shot in the throat and chest and died in a short while. The other is not expected to live more than a few hours.

New Home For Presidents.

WASHINGTON, Dec. 21.—Senator Quay yesterday introduced a bill authorizing the secretary of the treasury to purchase the land contained in Block 29 of Columbia Heights, a suburb of Washington, as a site for a residence of the president of the United States. The bill limits the price to \$3 per square foot and the total appropriation to \$1,000,000. Representative Richardson (Dem., Tenn.) introduced a similar bill in the house.

Had No Jurisdiction.

FORT SMITH, Ark., Dec. 21.—Judge Parker, in the federal court here yesterday, decided that his court has no jurisdiction in the case of Prisoner Brown, charged with murder, and ordered Brown's release. This was one of the cases from the Choctaw nation, from which grew the Choctaw war of last year. The discharge of Brown is a relief to many others in the nation who were implicated with him.

Newell's Slayer Held For Murder.

COLORADO SPRINGS, Dec. 21.—The coroner's jury yesterday held an inquest over the remains of Richard Newell, Jr., general superintendent and chief engineer of the Midland Terminal railroad, who was shot and killed by A. W. Van Houten, a miner, near Independence, Wednesday. A verdict of murder was found.

McBride Condemned.

MASILLON, O., Dec. 21.—At a miners' mass meeting held at Crystal Springs yesterday, satirical resolutions were adopted, asking the state officers to confer with the operators and see if the latter would not permit them to work for their clothes—they would provide themselves with food. Fiery speeches in condemnation of McBride were delivered.

Severe Runaway Accident.

ASHVILLE, Ind., Dec. 21.—Moses Gamm, a farmer near this village, and Mrs. Calvin Ealey, whose husband is under arrest at Brazil, while driving to that city, were thrown out in a runaway accident and Mr. Gamm was injured internally. Mrs. Ealey escaped with severe bruises.

Blew Off His Head.

DELAWARE, O., Dec. 21.—George Albany was instantly killed by the unexpected discharge of his shotgun. Supposing both barrels of his gun were empty he proceeded to load one of them when the other one suddenly went off, the load tearing off the left part of his head.

Bank and Store Burned.

MORRISTOWN, N. J., Dec. 21.—The Abbott block, a 4-story structure, in which were the First National bank and Katz's clothing store, was burned yesterday. The total loss is estimated at \$100,000.

Specimen Cases.

S. H. Cliford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

Sandstorms in Colorado.
